MAJOR'S BEHIND PLAN FOR PAY INCREASES

Committee to Increase, if Possible, All Firemen, Police and Teachers Under \$100.

Major Woodward has taken up the matter of the regular pay, along with the claims of the teachers and firemen for increases.

Chances Look Favorable. "Now the Finance Committee has taken up the matter of the regular pay, along with the claims of the teachers and firemen for increases."

Committee of D. K. Knight, Alderman John G. Treadler and Commissioner N. A. Wardlaw, three members of the Finance Committee, headed by Major Woodward, after yesterday afternoon to discuss the matter.

Major Woodward told the committee members that if it were possible to pay the increase should be made in all cases where the rate is less than \$100 a month.

"It didn't seem the more to the pay of policemen," said Major Woodward Thursday. "I looked the matter in which it was done."

Committee members generally favor in pay for school teachers, policemen and firemen. Major Woodward's attitude generally is in favor of increases.

Use Stuart's Buchu and Juniper Compound If Kidney or Bladder Bother

Harmless to Flush Kidneys and Neutralize Irritating Acids. Splendid for System.

Kidney and bladder weakness result from uric acid. The kidney filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation in the neck of the bladder, obliging you to seek relief by passing water frequently.

Stuart's Buchu and Juniper Compound will neutralize the uric acid in the urine, and thus prevent the irritation to the bladder and act normally again.

Stuart's Buchu and Juniper Compound is used by thousands of folks who are subject to urinary disorders, caused by uric acid irritation. It is a splendid for kidneys and causes no bad effects whatever.—Adv.

\$111,000,000 IN DIVIDENDS PAID BY OIL TRUST

Recent Cash Disbursements of Standard Subsidiaries Cause Renewed Interest in Stock.

NEW YORK, Nov. 21.—The recent cash dividends declared by former Standard Oil subsidiaries have attracted renewed interest in the activity of oil stocks in the face of uncertainty in other securities. Evidence thus far this year shows that the former Standard Oil companies have declared a total of \$111 per cent on the basis of the \$100,000,000 authorized capital of the parent company, against \$12 per cent declared in 1912. The Standard Oil Company of New Jersey, the parent company, paid 40 per cent extra dividends in the last six years previous to discontinuing the practice.

Dividends disbursed up to the present this year aggregate more than \$111,000,000. Several of the companies are yet to be heard from on their regular quarterly dividend declarations.

It is in the end of September eight of the companies distributed stock dividends with an aggregate net value of \$15,000,000, while subscription rights were extended to the stockholders of company having a market value of \$2,500,000.

The 40 per cent extra cash dividend paid during the year were 60 per cent by the Standard Oil of New Jersey, 80 per cent by the Washington Oil Company, whose capital however, is only \$10,000,000, 50 per cent each by the Texas Refining Company, the Eastern Pipe Line and the Buckeye Pipe Line, 25 per cent each by the Standard Oil of Indiana, the Southern Pipe Line, the Indiana Pipe Line, and 25 per cent by the Standard of Kansas. Only four of the 34 segregated companies have failed thus far to declare dividends—the Atlantic Refining, Columbia Oil, Union Tank Line and the Pierce Oil Corporation.

CHAMBER ELECTION IS FREE OF POLITICS

There is one election in Atlanta that is not tinged with politics. It will be held next Thursday afternoon in the rooms of the Chamber of Commerce, which body is to do the electing.

Although no politics enters into the balloting, a regular state has been prepared, the nominating committee, composed of six presidents of the Chamber, having named its candidates and offered them for election. This imposes no restrictions in the years, however, so that lawyers can't agree on city court rules.

LAWYERS CAN'T AGREE ON CITY COURT RULES

After an hour's debate the committee of lawyers, appointed by the Fulton County Bar Association to draw up the rules to be followed in the new municipal court, adjourned Thursday afternoon without deciding upon anything.

Each lawyer wanted to revise the court procedure, but so two of the members agreed, the chairman decided to drop the question for a day or two, then to vote.

ALL HYPNOTISTS, MUENSTERBERG DECLARES

Salesmen, He Says, Should Use It on Customers—Advertising Most Important Field.

NEW YORK, November 21.—Hypnotism is no mystery to Professor Hugo Munsterberg of Harvard. He says anyone can hypnotize anyone else, and if salesmen realized that they would be better salesmen.

Dr. Munsterberg talked about "Applying Psychology to Business" before the students of the Edison Company Commercial School. He defined good salesmanship as "psychological cleverness." He said he knew of a factory that instructed its men when they delivered articles from house to house for inspection to draw pencil and pad from pocket and stand facing the housewife with them.

"The immediate purpose," Dr. Munsterberg continued, "is not to have the salesman ready to write down the order, but to leave neither of the hands free into which she could return the article if she thought she didn't want it. That is psychological cleverness."

Can Control Business. "Exact science," the Harvard psychologist said, "can control business as well as any other field of social life. The introduction of psychology into business has come last, but it is coming. Business men will eventually realize that customers are merely bundles of mental states and that the mind is a mechanism that we can affect with the same exactitude with which we control a machine in a factory."

Men of Both Big Parties Urge Wilson To Retain Clements

Reports from Washington Friday indicated a strong effort was being made to induce the President to retain Judge C. Clements of Georgia, on the Interstate Commerce Commission, from which body he resigned last week.

The fight is being made with no hint of partisanship, but early on the ground that Judge Clements, with his twenty-one years of experience on the commission, is an indispensable member above the retirement of Judge Frost, the oldest member.

Among those urging the President to reconsider his supposed decision was Representative Frederick C. Stevens of Minnesota, leading Republican member of the House Committee on Interstate and Foreign Affairs; Representative

CAREFULLY TREAT CHILDREN'S COLDS

Neglect of children's colds often lays the foundation of serious lung trouble in later life. On the other hand, it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always in bed. The ideal way to cure colds is to keep plenty of fresh air in the bedroom and at the first sign of trouble apply Vapo-Vic's "Vap-O-Rub" Cream and Mentholatum. Save over the throat and chest, covering with a warm flannel cloth. The body heat releases antibiotic vapors that are inhaled all night long, opening the air passages and healing the inflamed membrane. In addition, Vapo-Vic's astringent through the nostrils, softens the mucous and tightens the membrane. Vapo-Vic's contains no harmful drugs. At drug-gists 25c and 50c.

Mme. De Thebes Sees War and Flood in 1914

PARIS, Nov. 21.—Mme. De Thebes, the famous seeress, leaving her predictions for 1914, says that the year will be fertile in scientific discoveries, that there will be serious threats of war in Germany and emotional changes in that country's institutions, a terrible flood catastrophe in England and a new monarchist government in Portugal.

DREAMS OF BROTHER'S FORTUNE; GIRL GETS IT

DECATUR, Ill., Nov. 21.—Because she dreamed a will through a dream, Miss Helen Lockie, of Hometon, is in possession of all the property left by her brother, Frank Lockie, who died in the spring of 1913. The estate was about to be divided.

In a dream her brother appeared and showed her where the will was hidden.

PARIS, Nov. 21.—The story of the Titanic wreck was retold in the Paris courts in connection with the claim Sunday of Madame Williams, a French woman whose daughter perished in the catastrophe.

She asks \$2,000 as a lump sum, plus an annual payment of \$250 by way of damages.

IF PAST FIFTY USE "CASCARETS"

What Glasses Are to Weak Eyes—Cascares Are to Weak Bowels.

Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic, the bowels are muscular.

So all old people need Cascares. One might be well wiser to add weak eyes with glasses as to neglect this gentle laxative for the bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally skip the bowels into activity. But a lax can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascares, and they cost only 10 cents per box at any drug store. They work while you sleep.—Adv.

EGG ANALYSIS TO FIX SEX, SAYS BIOLOGIST

Determination in Human Beings to Follow That in Animals, Asserts Chicago Professor.

CHICAGO, Nov. 21.—Sex control of human offspring and frogs is possible and has been proved by experiment...

The entire secret of sex control of higher forms of life lies in the determination of the exact time at which the embryonic egg is fertilized...

The experiments of scientists now are devoted to finding some way to analyze the human egg and determine its sex without destroying its fertility.

Then, by a process of fertilization only those eggs of the sex desired will be fertilized and the long dreamed vision of the biologist, sex control, absolute and infallible, will be an accomplished fact.

Refuses to Allow Commission to Pass on Prisoner, but Will Allow Evidence.

NEW YORK, Nov. 21.—Hans Schmidt, slayer of Anna Ammerling, is sane and must go to trial for his life next Tuesday, according to a decision made by Judge Foster in General Sessions today.

The judge denied a motion made by Attorney Clarence J. McManus, representing Schmidt, for the appointment of a lunacy commission to pass on the mental condition of the confessed slayer.

The court made it clear, however, that during Schmidt's trial his counsel had the right to prove that Schmidt was insane at the time he killed the girl and dismembered her body.

COLLEGE TUTOR BESTS BISHOP IN CLASH

Tilt in Methodist Assembly Over Election of General Conference Delegates.

BIRMINGHAM, Ga., Nov. 21.—A noisy tilt between Bishop Collins, newly installed over the South Georgia Methodist Conference, in session here, and Professor Hunter, of the University of Georgia, presiding over the general conference, took place today.

On Thursday Professor Smith introduced a resolution asking the general conference to meet in law building next year, and to elect a new president for the year 1922.

This morning Professor Smith introduced another resolution, signed by two men, asking that immediately after the discussion of the resolution Saturday morning the delegates to the general conference be elected.

The subject of the resolution was discussed by the delegates to the general conference, and the resolution was adopted by a vote of 100 to 80.

ALEXANDER PUTS HUTCHENS IN REPLY

Collector Demands Retraction of Charge That Smith Got Him Place to Obtain Deposits.

Continued From Page 1.

ROME, GA., Nov. 29.—In stinging words, Hooper Alexander, collector of internal revenue for North Georgia, today replied to several cards of challenge, which Alexander has received from the pen of G. K. Hutchens of Rome, in which Hutchens severely takes Senator Hoke Smith to task for alleged appointments to Federal positions in Georgia in the alleged interest of an Atlanta bank in which Senator Smith is a heavy stockholder...

The Hutchens cards appeared in The Macon Telegraph and Herald, among other things, that Senator Smith had obtained the appointment of Alexander to his present Federal position with a view to getting the deposits of Alexander's office in the Fulton National Bank...

Mr. Alexander says he has written to the Macon Telegraph and Herald, among other things, that Senator Smith had obtained the appointment of Alexander to his present Federal position with a view to getting the deposits of Alexander's office in the Fulton National Bank...

HETTY GREEN, AT 78, SAYS "EAT ONIONS"

Fear God, Have Clear Conscience, Work Hard and Live Frugally, Richest Woman Advises.

To enjoy a long life one must fear God and do justice to everybody so as to have a clear conscience. Don't worry, but work hard, live frugally and eat onions, avoiding too much rich food and irregular hours. The easier one is in mind the longer the span of life will be.—*Hetty Green, age 78, in a breakfast.*

NEW YORK, Nov. 21.—The world's richest woman, and probably the world's healthiest woman, Mrs. Hetty Green, sat at her desk today celebrating her seventy-eighth birthday anniversary to her own satisfaction, and in honor of the occasion she began her work as usual. The burden of millions rests easily upon Mrs. Green, for she is as spry mentally and physically as a woman of 50, and she declares that she will be sitting at her desk on many more birthdays in the future.

"I never felt better in my life," declared Mrs. Green, smiling about from a letter-littered desk to reporter.

Nobles Raw Onion.—Then the world's richest woman looked into a pigeonhole. Her first half-century name and proceeded to nibble at this during the interview. "Onions," she said, "by way of occupation, are the best thing in the world for the health. The strong jobs of the onions kills germs and helps one to live long. It is a delicious, old-fashioned idea of long ago, and it is too good that it has gone out of use. If people ate more raw onions, there would be less sickness. I always have a raw onion about me, and never will be without one."

"Fear God and do justice to everybody, so that you will have a clear conscience," she replied quickly. "Most people worry themselves into bad graves. Work hard and live frugally. But one must not overeat, the stomach. Eat pure, wholesome food and avoid intoxicants of every kind whatever."

"The fango and modern temptations were the basis of the next generation."

Doesn't Want to Know Tango.—In a Quaker having been well known as the tango and don't want to know anything about it. Her son, Mr. Green, "At for the tango, woman, wear to-day, I think you are a Quaker."

Mrs. Green was advised in a warm voice, but she, which looked as though it had seen the signs of sorrow. She declared that fango of the tango which allow girls to paint their faces and declared that dressmakers were doing much to destroy girlhood.

Mrs. Green is assisted in business affairs by her bachelor son, Colonel E. H. Green, but herself on managing the big deals herself.

HUER RA, BACKED BY CONGRESS, TO REMAIN

Deputies Plan Selling of Concessions to Raise Funds to Rehabilitate Government.

Continued From Page 1.
SWAINSBORO, Nov. 21.—The body of Mrs. Maude Kennedy, who died from wounds inflicted three weeks ago when her husband, while intoxicated, beat and shot her, was buried today in the City Cemetery. Kennedy, who this week was taken to the Chatham county jail at Savannah for the abduction of the country. The grave question of raising money and provision are so closely linked that several Huera and his extreme believe that the legislature can work upon both at the same time. The method of raising the national treasury, now thought to be the most feasible, is the granting of mineral concessions in consideration for sums of cash paid directly to the Government. It is estimated that the Government could raise probably \$10,000,000 without much difficulty by granting oil concessions and rights for railroad construction. The company formed in the struggle for these rights is the Pearson corporation, headed by Lord Pearson, but President Wilson has specifically opposed the concession of the oil rights to the British corporation.

Belgian Financial Group.—A Belgian financial group has offered the Huera Government a \$100,000,000 loan to build 5,000 miles of railway in spite of President Wilson's attempt to force the elimination of Huera through financial stringencies. In the meantime conditions in the Capital are going from bad to worse. In addition to the scarcity of money, the famine conditions among the poor, there is a possibility that all the industrial concerns may be compelled to close down on account of the lack of fuel. There are now less than 1,000 tons of coal in the Capital and this will be consumed for the power plant to maintain electric light and power for the street railway lines.

Spanish Press Demand U. S. Intervention.—MADRID, Nov. 21.—The official newspaper of the Republican party, today called upon the United States to intervene in Mexico. Protecting against the robbery and murder of Spaniards in the Mexican Republic, the paper says, "Only few interventions in all history would be more justified than this one." The newspaper complimented President Wilson for assuming a very dignified attitude in refusing to recognize General Huera.

CHAMBER OF COMMERCE'S JUNIOR AUXILIARY TO BUILD UP FUTURE CITIZENSHIP

A great young citizenry—that is the aim of the Chamber of Commerce, as it is today morning by morning, following the meeting Thursday of the executive committee of the Chamber of Commerce, as it might be called, needs more than physical and commercial advantages. Mr. Jones said "A lot of us members of Chamber of Commerce have been for some time that the boys and girls—Atlanta's future citizens—have a part in Atlanta's development, and he desired to see that part from their school days."

Mr. Moore is the direct sponsor of the idea, which was suggested some time ago by Mr. Jones, who at the time was wondering if a Junior Auxiliary might not be a good adjunct to the Chamber of Commerce. Mr. Jones said "The Chamber has been enlarged in its scope to include the younger generation of business men, and now we want our next step to be with the boys and girls."

Membership is limited. The Chamber thought of making it an affair, including all the boys and girls of Atlanta schools. We saw that that would make the action unwieldy and would take away the importance of the movement.

The Junior body to boys in high schools and the girls about 800 boys to Atlanta High School, the Tech High School, Peachtree Street High School and the boys in the Army and Navy.

The Chamber will be divided into five groups, each group electing a president and vice president. The boys will be in charge of the work themselves, with the Chamber of Commerce acting as a sponsor. The girls will be in charge of the work themselves, with the Chamber of Commerce acting as a sponsor.

The Chamber of Commerce will have its committee on education, which will be in charge of the work. The Chamber of Commerce will have its committee on education, which will be in charge of the work.

DENOUNCE FINING OF GIRL WHO HIT MASHER

MISS LEE WILLARD AUSTIN.

Robbers Beat Man, But Overlook \$300

ARHEVILLE, N. C., Nov. 11.—Will Peck, who lives about four miles from this town, was robbed by a band of robbers when he was in the hands of masher men, who demanded his money. Miss Lee Willard Austin, in his battered condition he had been pasturing her with unwelcome attention.

Mrs. Phillip declared that she thoroughly approved of her daughter's course in using an umbrella on the head of J. B. Terry, a chauffeur, who had continually annoyed her.

"My daughter had been annoyed by this man for a month," she said, "and I told her to teach him a lesson. I am glad she followed my advice, and I think Judge Broyles' action in fining her for protecting herself an outrage. I can not understand it, and I have told her to follow the same course if she is annoyed again in no other way than this will these masher ever be discouraged."

DEMAND CONLEY BE TRIED MADE BY COUNSEL

Long Imprisonment of Accused Phagan Slaying Accessory Is Cited by His Attorney.

A last-minute effort to have Jim Conley, the alleged slayer of the Phagan murder, tried before the fact in the Phagan murder, was made today when W. M. Smith, attorney for Conley, demanded that the case of the slayer be dropped at all present stages of the Superior court.

The drawing up of the indictment followed a series of facts, including the fact that the Phagan murder was committed on Friday when W. M. Smith, attorney for Conley, demanded that the case of the slayer be dropped at all present stages of the Superior court.

The delivery of the indictment to Solicitor Doran was unofficial. It will read it to the court under his decision as to whether the slayer's request will be granted.

According to Smith, should the solicitor not consent to a trial before the end of Judge Hitt's sitting, December 26, he will file the indictment with the court, and will not fight to sustain it with the state.

While the basis for the demand was not revealed, it is understood that the negro was in the Tom without a hearing of the state will be cited. Conley has been held in prison throughout the summer and since the end of the term of Judge Hitt, Judge Hitt must be each time a postponement of the trial.

Davison-Paxon-Stokes Co. The Nemo Is the Only Non-Stretchable Corset

If you have never worn a Nemo you are thoroughly acquainted with the inconvenience of a Corset that stretches and ultimately loses its shape.

What causes the ordinary Corset to stretch? The cut edges of the material, for they are not properly finished to prevent giving after they are sewed together. The Nemo Corset does not stretch, because every edge of material is stretched by pressure and then corrugated for other it is stretched.

For Other Reasons, the Nemo Is a Most Unique Corset

For instance, the "Bridge" that eliminates all possible pressure on the diaphragm, the bands of the Larkings webbing that reduces the hips and abdomen by automatic massage.

Corset Instruction Few women know how to adjust and wear a corset properly. Still fewer know when and why a corset is doing them physical harm.

That explains a majority of corset troubles. The wise woman of to-day studies the corset problem, because it means so much to her health and good looks.

MRS. RICHARDSON, Lecturer and Instructor. From the Nemo Hygienic Fashion Institute

—is giving just such instructions here this week, explaining the special features of the newest Nemo and Smart Set Corsets. Come and learn practical corset-facts that will do you lots of good.

Correct Shoes for Dainty Feet

Very smart are the shoes for this season—lines are slender and graceful. Long vamps and plain toes, mostly.

For dress, leather vamp and fabric top—buttoned, of course. Dress Shoes are here in all the new leathers, new heels and toes; all high Walking Boots and English Walking Boots—all sizes and all widths.

The Prices Are Lowered on These

We have selected from regular stock three popular lines for women, which we are going to sell at considerably less than the regular price Friday.

For instance: Black Satin Button Boots with black whipcord silk top—our regular \$4 Boots, at \$3.15 pair. Very dressy Button Boots, patent leather, vamps with dull mat or satin top; our regular \$5 Boots, at \$3.85 pair.

Automobile Boots, tan or black; very smart. Regularly priced here at \$5, for this sale at \$3.85 pair.

A Special Demonstration of Riker's Celebrated Toilet Requisites

Types of Beauty may change, but the woman whose face is fresh and rose-tinted, whose skin is smooth as a baby's, whose wrinkles are conspicuous by their absence, has one kind of beauty that is always attractive. It is the kind of beauty most women may possess if they take the trouble to acquire it. It may be acquired in a natural, simple and pleasant fashion, by the use of certain harmless "aids," which the Demonstrator will show and tell you of.

Among them: Riker's Violet Cerate; it is so well known to thousands of satisfied users that nothing further need be said; it is looked upon as a prime toilet necessity, and those who use it would not be without a jar for several times its value. Price 50c a jar. Riker's Improved Cold Cream, pure ingredients, delicately perfumed; 25c and 50c jar. Riker's Antiseptic Tooth Powder; 15c box. Riker's Violet Extracts, like fresh violets; 15c ounce. Eucelina Face Powder; 50c box. Toilet Benzoin; 25c and 75c bottle. Riker's Talcum Powder; 15c box.

Riker's Dresden Face Powder—There is no other powder quite so soft and downy—so delicate and adherent. It is as nearly nature's adjunct as it is possible for a powder to be. It is made in five tints—white, pink, flesh, brunette and evening—to suit any complexion. Two sizes, 25c and 50c box.

We want our out-of-town customers to share every advantage of this store, through our Efficient Mail Order Service.

Home, Sweet Home Is Called Detestable Institution by Pastor

LONDON, Nov. 21.—Rev. Morris Weston, in an address to the Women's Freedom League, said the most formidable bar to the economic independence of women was "home, sweet home," which he called the most detestable institution ever imagined. He said he did not wonder at the desire of the youth of both sexes to leave it. "A marriageable sacrifice must be made," he continued. "The home must be destroyed. The sooner a wife understands that the wedding and the wedding ring are not the solution of her existence, the better it will be for the emancipation of women."

DAVIS PREDICTS FINE HUNTING SEASON

New Commissioner Commends Nimrod on Zeal in Obeying Laws—Game Plentiful.

State Game Commissioner Davis looks for an exceptionally fine hunting season this year. He believes the game law the season opening to-day will be the most satisfactory one that has ever been observed during the closed season. This not only are there many more birds than formerly, but they are not confined to the remote parts of the State, as was the case a few seasons ago. "I believe there is a disposition throughout the State to observe the law, and practically all of them are willing to observe the limitations and restrictions. The only trouble is that there are many Georgians who do not understand the law, and most of them who get into difficulty because of their ignorance do so through ignorance."

Deputies Plan Selling of Concessions to Raise Funds to Rehabilitate Government.

Continued From Page 1.

It is expected that the government will be able to raise the necessary funds to rehabilitate the government by selling concessions to foreign countries. The government has already received offers from several countries to purchase concessions in various parts of the country. The government is expected to announce the results of these negotiations in the near future.

Support Promised
The government has received support from several countries, including the United States, Great Britain, and France. This support is expected to be crucial in the government's efforts to stabilize the country and restore order.

Plain Tea Kettle
Costs Only \$3.487
The government has announced that it will be selling plain tea kettles for a reduced price of \$3.487. This is part of the government's efforts to raise funds and provide essential goods to the population.

Legislation Planned
The government is expected to introduce new legislation in the near future. This legislation is likely to address the economic and social challenges facing the country and to provide a framework for the government's recovery efforts.

20c a Day Enough
To Live On, He Says
A prominent economist has stated that 20 cents a day is enough to live on. This statement has sparked debate about the government's policies and the cost of living in the country.

Movie Camera to
Take Their Wedding
A couple has decided to use a movie camera to capture their wedding. This is a unique and memorable way to document the special day.

ATLANTA JOINS IN TOUR OF FACTORIES

Continued From Page 1.

The tour of factories in Atlanta was a significant event, providing an opportunity for the public to see the manufacturing process. The tour included visits to several major industrial plants, where workers and visitors were given detailed explanations of the production processes.

Parley With Rebels
May Be Renewed.
There are reports that negotiations between the government and rebel forces may be renewed. This would be a significant development in the ongoing conflict.

Desperate Fighting
Still On at Victoria.
Fighting continues in Victoria, with reports of heavy casualties on both sides. The situation remains tense, and the outcome is uncertain.

The Adventures of a Golden-Haired Heiress

STELLA FLORES

No. 2—She Discovers That One's Sympathy Is Sometimes Bestowed on the Unworthy

AFTER giving up his berth to her in the sleeper, Tom helps the Gold Witch pass her time waiting for another train. He confides to her that he is on his way home, but will stay at the club until the end of the week, because his father's ward, whom he remembers as a fat, squawking brat, has come to stay.

A" the end of the week Tom shows up at home. He finds to his consternation that the peach on the train is his father's ward. But, alas, she was also one of the squawking brats." His father is disappointed to find that the young folks don't seem to take to each other.

Advice to the Lovelorn

By BEATRICE FAIRPAX

QUIT PLAYING POOL. DEAR MISS FAIRPAX: I am a young chap and know a girl about my age and I have been constantly going out with a girl who I love very much...

THE GIRL IS RIGHT. You were missing your opportunities and your life. Quit the pool playing and be grateful that a girl was good enough to love you.

YOU ANSWER YOUR OWN QUESTION. DEAR MISS FAIRPAX: I am a girl of 18 and am very nervous and nervous. I have been constantly going out with a boy who I love very much...

WHEN YOU ARE NEAR HIM YOU DON'T THINK MUCH OF HIM. If you married him you would have to be near him the rest of your life. You don't love him, and must not drift into an engagement. Do not be more of a fool.

HER BROTHER IS RIGHT. DEAR MISS FAIRPAX: I am engaged in a young lady and intend to be married in a few months. We have been keeping company for a long time and she has never met a boy who she has so great a desire to meet them. Her sister thinks she should meet them, and I don't see why, as we love our sister dearly.

CONSTANT READER. Your relative should not be the one to love each other, but perfect love will not be had until you have your own obligations.

DEAR MISS FAIRPAX: I am a girl of 18 and am very nervous and nervous. I have been constantly going out with a boy who I love very much...

A Long Rest

An old old doctor, whose name was beginning to fall into disrepute, was called in to see a young man who was in the hospital. He found the man in a bed, with nothing but a pillow under his head and a blanket over him. He asked the man what was wrong and the man replied that he was tired and wanted to rest.

HETTY GREEN, AT 78, SAYS "EAT ONIONS"

Fear God, Have Clear Conscience, Work Hard and Live Frugally, Richest Woman Advises.

To enjoy a long life one must fear God and do justice to every body so as to have a clear conscience. Don't worry, but work hard, live frugally and eat onions, avoiding too much rich food and irregular hours. The easier one is in mind the longer the span of life will be.—H. H. Green, 78, 728, Madison.

CHAMBERLIN-JOHNSON-DUBOSE COMPANY ATLANTA NEW YORK PARIS

The Story of a Glove with a Paris Point After negotiations extending over eight months we are pleased to announce Another "Best Glove at Its Price," "The Celestine," and Its Price Is 86c

The eight months do not measure the time that we have spent casting about for this best glove at its price, but only the time we have been negotiating with this maker across the seas.

It is a schמשchen kid, the first we have ever sold for the very good reason that it is the first that has measured up to our standard of what a schמשchen should be. So good is it, and so sure are we of it, that we have had our name put in every pair.

Other Best Gloves

- The Boitaire at \$1.00—the finest glove we have ever seen for \$1.00; 2-clasp; Paris-point stitching. The Colbert, \$1.25—a heavy cape glove; 1-clasp; in tan, slate, black and white; fine for slugging. A Mocha Glove at \$1.25—very serviceable and full of wear; 1-clasp; gray and tan. The Navarre at \$1.50—a soft, genuine kid skin; 2-clasp glove; black, white and colors. The Trefousse Kid at \$2.00—2-clasp; superb, "live" kid skin, colored and black with white stitching. The Trefousse Glace Kid at \$2.00—2-clasp; tan, slate, prune and black with white stitching, the white with black stitching.

Special! A 16-button white lambskin glove, soft and pliable, sizes 5 1/2 to 7. Superb value at \$2.00

The New Handkerchiefs Are Here

The superb values, the rare novelties, the certain uniformity of qualities that Atlantans are accustomed to finding at Chamberlin-Johnson-Dubose Co., year after year are due to our methods of collecting Christmas handkerchiefs.

Women's Handkerchiefs

Madeira hand-embroidered glove handkerchiefs, 50c. Madeira hand-embroidered handkerchiefs, 50c to \$2.50. The daintiest are hand and neat.

Fur Collars Are New

Watch this neckwear section! Things happen here. Novelties often arrive and go their way before printers' ink can make their presence known.

Christmas Ribbons

A word in time is worth nine! We shall do our utmost to keep the Christmas stocks up to the requirements that the huge Christmas crowds will necessitate.

Net and lace fichus, many kinds, white, cream and black, 50c to \$3.50. Net blouses, new, with ruffles and lace trimmings, cream and white, some hand-embroidered, \$1.00 to \$6.50. Net gowns, much wanted right now, plain and adorned with shallow lace, cream white and black, 25c to \$1.50.

The Gold Witch

The Adventures of a Golden-Haired Heiress

BY STELLA FLORES

No. 2. She Discovers That One's Sympathy Is Sometimes Bestowed on the Unworthy

Stella Flores

AFTER giving up his berth to her in the sleeper, Tom helps the Gold Witch pass her time waiting for another train. He confides to her that he is on his way home, but will stay at the club until the end of the week because his father's ward whom he remembers as a fat, squawking brat, has come to stay.

A T the end of the week Tom shows up at home. He finds to his consternation that the peach on the train is his father's ward. But, alas, she was also once the "squawking brat." His father is disappointed to find that the young folks don't seem to take to each other.

Advice to the Lovelorn

By BEATRICE FAIRFAX

QUIT PLAYING POOL

DEAR MISS FAIRFAX: I'm a young chap, 22 years old, and I've been playing pool for years. I've won a lot of money and I've had a lot of fun. But I've been thinking lately that I should do something else. I've been thinking that I should go to college and get a degree. I've been thinking that I should get a job and save up some money. I've been thinking that I should get married and have a family. I've been thinking that I should do something that would make me a man.

YOU ANSWER YOUR OWN QUESTION

DEAR MISS FAIRFAX: I've been thinking a lot lately about my future. I've been thinking about the things I want to do and the things I don't want to do. I've been thinking about the people I want to know and the people I don't want to know. I've been thinking about the life I want to live and the life I don't want to live. I've been thinking about the man I want to be and the man I don't want to be. I've been thinking about the woman I want to marry and the woman I don't want to marry. I've been thinking about the life I want to live and the life I don't want to live.

HER SISTER IS RIGHT

DEAR MISS FAIRFAX: I've been thinking a lot lately about my sister. I've been thinking about how much she loves me and how much she cares for me. I've been thinking about how much she has done for me and how much she has sacrificed for me. I've been thinking about how much she has loved me and how much she has cared for me. I've been thinking about how much she has done for me and how much she has sacrificed for me. I've been thinking about how much she has loved me and how much she has cared for me.

A Long Rest

At old club where Tom was beginning to fall in love with her, she was sitting at a table with a book in her hand. She was looking at the book and she was thinking about the things she had read. She was thinking about the things she had learned and she was thinking about the things she had discovered. She was thinking about the things she had done and she was thinking about the things she had accomplished. She was thinking about the things she had loved and she was thinking about the things she had cared for.

KENZIE-DARGAN NUPTIALS IS MOST BRILLIANT EVENT

Miss Lee McKenzie, the only daughter of Mr. and Mrs. George H. Kenzie, and Miss Dargan, daughter of Mr. and Mrs. Milton Dargan, were married Thursday at the residence of the bride's father, Mr. Arthur H. Dargan, on Peachtree road. Several hundred guests were present, and the ceremony was characterized by a display of devotion and appropriate sentiment.

Miss Dargan was maid of honor, Miss Mary Hester Smith, Miss Emily Winship, Miss D. Harris were bridesmaids. Miss Knorr was best woman. The Rev. W. W. Kenzie, pastor of the First Baptist church, officiated. The wedding party was arranged in a room which was decorated with garlands of white flowers and white ribbons. The bride wore a gown of white silk, and the bridesmaids wore gowns of white silk. The bride's hair was styled in a bun, and she wore a crown of white flowers. The bridegroom wore a suit of dark blue cloth, and the groomsmen wore suits of dark blue cloth. The ceremony was held at 11 o'clock, and the wedding party departed for the bride's home at 12 o'clock.

ALL HYPNOTISTS, MUENSTERBERG DECLARES

Salesmen, He Says, Should Use It on Customers—Advertising Most Important Field.

NEW YORK, November 21 (By AP)—In the inventory of hypnotism in the advertising field, Hugo Munsterberg can be considered an authority. He has written a book on the subject, and if salesmen realized that they would be better equipped to sell their goods if they knew the psychology of the customer, they would be better equipped to sell their goods.

He said he knew of a factor that influenced the most when they delivered their goods to the customer. He said that the hypnotic suggestion of the salesmen is the most important factor in the advertising field.

He deemed advertising perhaps the simplest of all, because a single person can reach a million people in a factory. He said that the hypnotic suggestion of the salesmen is the most important factor in the advertising field.

BROWN, WIZARD OF RAILROADS, TO AID FARMERS

Retiring Head of New York Central Tells Forbes, Plans and Discusses Adventures.

By B. C. FORBES. NEW YORK, Nov. 21—He had a late last evening with the greatest railroad men in America, who from a farm boy and later, a section hand and a leader of the old wood consuming engine rose to the presidency of the proud New York Central. Six months ago, he was a young man, an employee, who yesterday announced his retirement at the end of the year.

Well, I hope to devote considerable time to improving agriculture and to the study particularly of how to perfect a system of credit whereby the American farmer will be able to finance his business at reasonable rates.

Mr. Brown, like James J. Hill is so much famous as railroad operator. He leaves behind him more than 20 years of experience, and the country is spending many hours among his papers to learn from his experience.

He once said: "I feel it is understood that a man who has been in the railroad business for 20 years should be able to run a railroad." He said that the hypnotic suggestion of the salesmen is the most important factor in the advertising field.

PLANNING COURSE OF SMOKE WAR

Protest Against School Furnaces Suggests Test Case Against Superintendent.

Chairman Harwell, of the Smoke Commission, declared Friday that the Superintendent of the Atlanta public schools, would stand by his patriotic statement that he would go to court for the sake of the schools, the Smoke Commission would accommodate him by making a case in Recorder Boyter's court for violations of the city smoke ordinance.

Chairmen are complaining bitterly that the schools are not complying with the smoke law, and that the owners of apartment houses, near schools have spent considerable money to comply with the law.

They are complying with the law but the schools continue to belch forth smoke and soot, and the neighborhoods are suffering just as much as ever from the nuisance.

Think Protest is Just. "I think the protest of the private citizens that the city itself should comply with the law before it takes private citizens to do so is just."

"We have been unable to get relief from the school's smoke. It attacks me that the law should be enforced, and the natural man to be asked, and against would be Superintendent Harwell."

EGG ANALYSIS TO FIX SEX, SAYS BIOLOGIST

Determination in Human Beings to Follow That in Animals, Asserts Chicago Professor.

CHICAGO, Nov. 21.—Sex control of pigeons, cats and frogs is possible and has been proved by experiment, according to Professor Oscar Riddle, of the biology department of the University of Chicago, who lectured in the auditorium of the botany department of the university.

The entire secret of sex control of higher forms of life lies in the determination of the exact time at which the embryonic egg is to be fertilized, Professor Riddle said.

"The experiments of sex control in animals are not so difficult as you are led to believe," he said, "and while scientists admit human sex control is a long way off, its ultimate accomplishment is assured."

"Experiments have proved that the sex of an embryo can be determined by chemical analysis, to be either male or female, even in the higher animals," said Professor Riddle.

COTTON GOSSIP

What'd ye think of the ginners? 'Market' was the general comment on the Bureau's report...

The impression is growing that much less cotton is being offered on the market, which will show up on lower prices.

It's awfully funny how Liverpool has been smacked a cottoner's face...

With arrivals from the Atlantic market that Southern spinners are pretty well stocked up with cotton...

Dallas wires: "Cotton threatening." "Market about the only prominent factor."

The New Orleans Times-Democrat says that the cotton market has been ideal for the forcing of speculative liquidation...

It is generally expected that spinners will be able to get a better price for their cotton...
