SMITH AMENDMENT TO MONEY MEASURE ADOPTED BY SENATE

Georgian Provides \$500,000,000 of Currency in Treasury Under Aldrich-Vreeland Act Shall Be Available at Once

PREVENTS POSSIBILITY OF CAPITAL STRINGENCY

Bill Now in Such Shape That Passage Seems Certain Before Senate Adjourns Friday Night

(Special Dispatch to The Journal.) WASHINGTON, Dec. 19.—An amendment to the currency bill introduced by Senator Hoke Smith and regarded as by far the most important yet proposed, was passed by the senate last night without a dissenting vote after having been unanimously adopted by the house.

EXPECT PASSAGE FRIDAY

The senate is expected to pass the bill on Friday night. The bill provides for the issue of currency in the treasury under the Aldrich-Vreeland act.

ONE POINT OF DIFFERENCE

One of the main points of difference between the two bills is the question of the amount of currency to be issued.

FARM MORTGAGE LOANS

Settlement of the remaining details of the farm mortgage loan bill is expected to be completed by the end of the year.

Veto Urged For Smoke Ordinance

Delegation of Plant Owners Call on Mayor Woodward to Ask Retention of 12-Minute Rule on Black Smoke

MAYOR AGREES TO SEND IT BACK TO COUNCIL

Visitors Say They Had No Notice of Proposed Ordinance; Inspector Says Limit Is Not Too Strict

A delegation of plant owners called on Mayor Woodward Friday morning and urged him to veto the ordinance passed by council last Monday, reducing the smoke limit from twelve to six minutes.

PASSED THIS WEEK

The ordinance was introduced to control some works at the instance of the smoke board. It provided that the new limits of six minutes should become effective on April 1 next.

FOREIGN POTATOES MAY BE BARRED FROM PORTS

Federal Board Fears Diseased Stock May Cause Trouble If Admitted

WASHINGTON, Dec. 18.—Whether foreign potatoes from Canada, Newfoundland, Great Britain, Ireland and Continental Europe should be barred from the United States because of the danger of importation of dangerous plant diseases, or should be admitted under the same restrictions as apply to nursery stock, was the subject of a hearing today before the federal horticultural board.

Representations have been made to the American department of agriculture that in view of the short season for the potato crop, the exclusion of foreign potatoes would go far toward raising prices in the United States.

Secretary Houston said the question was not the lifting of an embargo against potatoes, but whether a quarantine should be absolute or administered so to admit entry of potatoes properly passed upon by government experts.

Senators and representatives protested against any policy whereby diseased potatoes might be put into the country. A few members, however, urged that it would be wise to permit the entry of foreign potatoes in the hope of reducing high prices.

Dr. Gussow declared that federal experts had not made a recent investigation of the Canadian potato crop upon which to base a recommendation that the whole crop should be barred because of disease.

CZAR'S COUSIN DEFENDS SELF FROM ATTACKS

LONDON, Dec. 18.—The Grand Duke Boris, a cousin of the emperor of Russia, took the witness stand today to rebut allegations of misconduct and cowardice brought against him in a magazine article. In connection with the article he brought suit for libel against the Frank A. Munsey publishing company. The suit was settled out of court on December 8. The grand duke was admitted to clear his character publicly.

It was in the case that James W. had no foundation for the libel, denied that he had been guilty of misconduct or cowardice, and that he had been under fire for a fortnight during the operations in the vicinity of Ypres and in Maucheria, when Japanese and Russian armies fought a desperate battle in August, 1914. He said he had participated as an officer in the fighting which the army under General Count Keller engaged the Japanese and General Kurapatkin with the Order of St. Anne for his courage and heroism, and repeatedly honored, the emperor having given him a golden order of honor for "bravery."

Henry E. Duke, counsel for the defendant, then apologized to the grand duke on behalf of his clients saying the article had been published without the knowledge of Mr. Munsey. He admitted that the words used were extremely objectionable and indefensible. The case was closed and the defendant agreeing to pay all the cost.

R. E. REEVES FOUND DEAD IN WEST POINT HOTEL

(Special Dispatch to The Journal.) WEST POINT, Ga., Dec. 18.—R. E. He is believed to have been a resident in Chattanooga and relatives in Atlanta and Laehaboka. Funeral arrangements have not been made.

Men at Fort Pack Regular House And Home, Weight But 35 Pounds

TWO VIEWS OF NEW EQUIPMENT. Private Frank C. Kille, of company G, Seventeenth infantry, clad in heavy marching order.

New Army Equipment Less Weighty and Cumbersome, but More Complete in Every Detail

Points on packing could be given the most seasoned traveler by the soldiers at Fort McPherson. With the new equipment which the Seventeenth was one of the first regiments in the United States to procure, the average private can store away more stuff than a traveling salesman could ram into a fifty-pound suit case.

The new equipment has been installed only recently at the fort. It is intended for heavy marches and does away entirely with the old blanket roll that was both weighty and cumbersome. Instead of having several thicknesses of wool and canvas thrown over his shoulders and across his chest, the new private bears the entire burden on a small area of his back.

Straps come forward across the shoulders and fasten onto the belt, so that the weight is evenly distributed and pulls the shoulders back rather than bows them.

The new equipment weighs but thirty-five pounds compared to the old, which totaled something over forty. And the thirty-five pounds includes many indispensable articles that were never part of the former pack.

HAND WOULD CRACK AND BLEED

Letter So Bad Could Hardly Do Anything, Clear White Blisters Would Burst and Peel Off. Used Cuticura Soap and Ointment. Hands Well.

R. F. D. No. 1, Critz, Va.—"I had letter on my hands so badly that I could hardly do anything. It would begin to come in clear white blisters, then they burst and peed off all over and cracked and bled. My hands were so sore and itched so badly I could not rest day or night. I could not get them in water nor do my regular work. I tried medicine and several different kinds of cream on them but they got worse instead of better. Nothing did me any good until I tried Cuticura Soap and Ointment. And now my hands are perfectly well and all right." (Signed) Miss Kate Tuder, Nov. 19, 1912.

FACE ITCHED AND BURNED

814 7th St., Dayton, Ky.—"My little girl had a severe breaking out mostly on the face, arms and legs also feet. The breaking out was in the form of pimples which itched and burned her terribly. She would scratch until she was raw and seemed to be in great torture. One day I came across the advertisement of Cuticura Soap and Ointment and I wrote for some. I kept on using the Cuticura Soap and Ointment and in a short time my child was cured." (Signed) Mrs. V. Forester, Oct. 7, 1912.

Cuticura Soap and Cuticura Ointment are sold everywhere. Liberal sample of each mailed free with 25c Skin Book. Address post-card "Cuticura, Dept. T, Boston." *If you have shaves and shampoo with Cuticura Soap will find it best for skin and scalp.

ADAMSON TO HAVE OFFICE UNDER MAYOR MITCHELL

Former Atlanta Man Praised Until He Blushes at Dinner in His Honor

Robert Adamson, former Atlanta newspaper man, will hold office in the new New York administration, according to the announcement made by Mayor-elect Mitchell at the dinner given in honor of Mr. Adamson in New York this week, as published in the New York Herald.

Mayor-elect Mitchell announced that Mr. Adamson would hold office in the new New York administration. He did not say what post Mr. Adamson would fill, but he said that he expected during the next four years to have the help and cooperation of Robert Adamson in the administration of the city, said Mr. Mitchell.

The toastmaster was John H. Hodgson, as Mr. Mitchell had previously stated in his speech, really decided the task of raising the fusion candidate so that "Bob" Adamson might accept it. The other speakers were Mayor-elect Mitchell, Field Malone, Luther B. Little, James McManis, William A. Frazier, William F. McManis, William H. Edwards and Mr. Adamson himself.

Mr. Adamson was the only one who did not speak at the dinner. Mr. Mitchell, however, did not speak at the dinner, but he did speak at the dinner given in honor of Mr. Adamson in New York this week, as published in the New York Herald.

THEATERS

ATLANTA—'Girl of My Dreams' BOHEMIA—'Fandango' LYRIC—'Emma Bunting' MILO—'The Devere Express'

The 'Girl of My Dreams' which opened at the Atlanta Thursday night last had enough to call for enthusiastic applause to make tonight a season worth while. It is a fairly entertaining musical show with a few tawdry aims, a new joke and the stereotyped assortment of presumably comic characters.

Olea von Hatfield, the girl in the case, has taken on additional attractiveness since her 'Little Dreams' days, but her German doll-like eyes are as blue as ever and her smile just as sunny. Her 'big number,' the 'Girl of My Dreams,' sung with Roy Purviance, got her a dozen recalls. It is a very catchy melody and worth a try on your piano. The snappiest musical number of the evening was 'The Trunk Trunk,' which gives the chorus plenty of acrobatic work.

The music is by Karl Hochman, who did 'Madame Sherry' and the score is distinctly reminiscent of that of 'The Merry Widow.' The music is very important on the next two evenings, when it will be played in two acts and a half at the Atlanta.

Four more performances this week conclude the engagement of one of the best variety bills of the season at the Bohemia. Florence Trenchard has scored a success. She is small, demure and very pretty, and her impersonation of a boy is extremely clever. Her 'Madame Sherry' is the first time she has been brought out without giving offence to the north.

MOTORCYCLISTS TO TEST NEW STATE TAX STATUTE

Gus Castle Heads Movement to Gain Reduction of \$5 Rate Now Imposed

Industrious steps toward the fight the motorcycleists of Georgia will make on the new state registration law which takes them \$5 per annum by classing them with automobiles, have been taken by Gus Castle, class-leader and southern representative in Atlanta, at the request of G. F. McLean, chairman of the legal action committee of the Federation of American Motorcyclists.

Some time after the first of the year some motorcycleist will be arrested for non-payment of the tax," said Mr. Castle Friday. "Then the matter will be taken through the courts of this state and, in the meantime, the operation of the law will be held up by injunction until a decision is given."

Castle said that "Chairman McLean has assured him of an arraignment from the F. A. M. C. And if that isn't sufficient to finance the fight," said Mr. Castle, "the club and Mr. F. M. C. carriers and individual riders throughout the state will more than make up the difference. There is a strong determination to stand against this tax as unfair and discriminatory."

Castle said that "Chairman McLean has assured him of an arraignment from the F. A. M. C. And if that isn't sufficient to finance the fight," said Mr. Castle, "the club and Mr. F. M. C. carriers and individual riders throughout the state will more than make up the difference. There is a strong determination to stand against this tax as unfair and discriminatory."

ARRESTS MADE THIS YEAR SHOW A SLIGHT INCREASE

Fine Collections for 1913 Will Be About \$10,000 Less Than 1912, Estimated

Atlanta's arrests during 1913 have been almost exactly the number of those during 1912 up to December 13.

The fines collected in 1913 were \$176,752.25. On December 13, 1912, they had reached the total of \$177,865.00. On December 1 of the present year the total was \$141,742.25. The assumption seems warranted, therefore, that though the arrests are slightly more in number this year, the fine collections will be about \$100,000 smaller, indicating either that fewer men were arrested or that fewer persons paid than to escape staided service.

During the whole of 1912 there were 15,285 arrests for petty offenses and 1,291 arrests for state offenses, making a total for the year of 17,786 arrests. Of the state cases 67 were made process, not prosecuted, in the higher courts, bringing the official total of cases prosecuted down to 17,139 for that year.

Based on the figures for last year the number of arrests for all of 1913 is estimated at 15,820 petty cases and 1,180 state cases, making a total of 17,880. January 1 with all the rest of us who have been entering the old law books," said Mr. Castle, "the club and Mr. F. M. C. carriers and individual riders throughout the state will more than make up the difference. There is a strong determination to stand against this tax as unfair and discriminatory."

**Defense Expected to Spring a
New Theory in Trial of
Joseph Moriarty**

(By Associated Press.)
TOMORROW'S trial in the Moriarty murder trial increased today as time approached for the defense to reveal its theory. The fact that the prisoner, Joseph Moriarty, alias William J. Lehman, has the aid of a prominent Lakewood family supported the rumor that the attorney retained by his wealthy backers would present some unexpected evidence to prove he had no part in the killing of Mrs. Caroline C. Turner.

Mrs. Joseph Leach of Lakewood, the personal charge of the defense, has her only motive was to save an innocent man who, she stated, was the victim of a conspiracy. Today she declared she was not responsible for the report that Mrs. Turner was run down and killed by a party of wealthy automobilists who carried the body into the house and then permitted suspicion to rest on Moriarty.

NEW YORK, Dec. 19.—The transformation of a universal stabilizer, the dream of many aviators, is still far from accomplishment, according to Orville Wright, who spoke last night at a reception given in his honor by the Aeronautical society.

Mr. Wright's statement, while encouraging, holds out no hopes of a perfect stabilizer in the near future. He said that it is premature to talk at present years to take the work of manufacturing the machine out of the hands of man and let the operator attend to the steering alone. "We think we have a device which will accomplish this. It will take care of the collateral and fore and aft planes, but it still has few mechanical troubles to overcome."

Waltham Watch Company
Tries to Uphold Rate on
Product and Fails

NEW YORK, Dec. 19.—The United States circuit court of appeals today decided that the Waltham Watch company of Waltham, Mass., could not force Charles A. Knott, a New York jeweler, to stop selling their watches at cut prices. The court affirmed the decision of the federal district court without opinion.

Knott bought the company's watches abroad at a price lower than that charged by jobs here and sold them for less than the price set by the manufacturer for the domestic retail trade. The decision is in line with recent decisions of the United States supreme court that the manufacture of patented or copyrighted article cannot fix the retail price.

**President Thinks Public Domain
Not Impaired by Frisco
Water Supply Bill**

(By Associated Press.)
WASHINGTON, Dec. 19.—President Wilson today signed the Hecht-Hatch bill granting a public water supply to San Francisco. He accompanied his signature with a statement declaring he believed the public needs of the region concerned were served by the bill without impairing the usefulness of the public domain.

The president's statement follows: "I have signed this bill because it seemed to serve the pressing public needs of the region concerned better than they could be served in any other way. It does not impair the usefulness of the public domain. The bill was opposed only by men whose best interests of the people, of the conscience of the country and of the public interest, I have scrutinized closely. I take the liberty of thinking their fears and objections were not well founded. I believe the bill to be on the whole in the public interest and I am less certain in that judgment because it is opposed by men whose best interests have been devoted to conservation and the safeguarding the people's interest and many of whom have had a long experience in the public service which has made them circumspect in forming an opinion on such matters."

Andy and Bol, Leading Vigilantes, Caught by Truant Officer, Who They Thought Had Been Scared Out of Town

NOW HE WILL BE WIPED OFF FACE OF THE EARTH

But Steve Hardy Wants the Gang to Compel Gen Hicks to Leave Him Alone and Quit Trying to Marry Him

BY PAUL WEST (Illustrations by Frank Moser.)

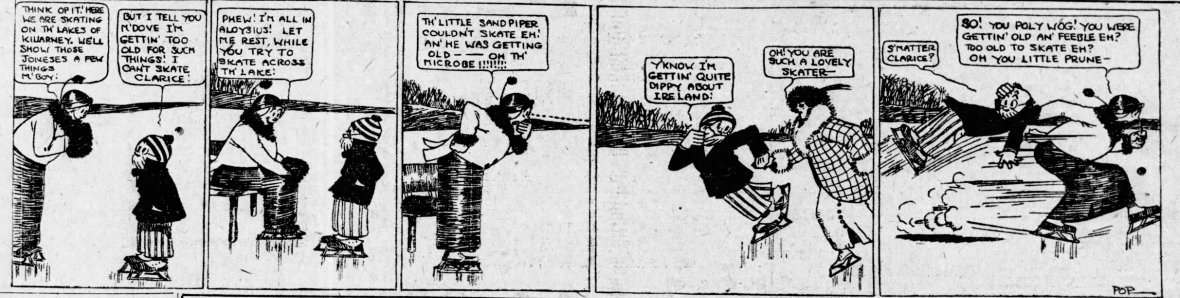

Friday. Father school, clearing tomorrow. Anderson and Bol Haines had each this morning, they suppose of course, Short-Leg Milliken, get the warning of the Vigilantes, had been under cover of the night, but there, outside, while they were getting in Johnson's lumber piling waiting for a job. Short-Leg came along and called them. Andy says that possibly Andy and Bol, sure as all which have been doing just on account of Short-Leg, they have decided to get on the face of the earth. Steve Hardy says he wishes instead of bothering about Short-Leg, they should attend to general Hicks, who wants Steve to marry her. Steve says he is going to school today with her. Steve's best prospect to getting, which she says she is going to make over for Steve, she says she is going to get a new dress. Also, she gives some deliciously some writing which says, well, they'll see what can be done.

Members' Best Mosquito Netting. Steve says is what she wants printed on the wedding invitations. Steve says the Vigilantes would like to have Steve, but they never make was common. Oosh darn it, Steve says. Here, Steve a woman, and Andy

LORD LONGBOW---HE DOES SOME QUICK WORK IN THE AIR

(Copyright, 1913, by W. Werner.)

"I was once in charge of a gang of loggers, who were endeavoring to break a log jam on a northern river. In some places the logs had been pressed upward into gigantic, old chaps.

"We were using dynamite to break the tangle. An unusually strong explosion shot the log standing upon into the air.

"I soon saw that I should fall upon the river bank as the log tumbled into the air. I ran up to the top and using my spiked shoes.

"When the log descended, it struck the soft mud on the river margin and drove in about twenty feet. I then slid down, and, lighting a cigar, returned back to the raft, and shouted, 'Oh, well played, old chap.'"

PROF. MERRY IS SORRY HE CRITICISED BISHOP

Author of Editorial Censuring Removal of Dr. Belk Takes All the Blame

Prof. E. C. Merry, county school commissioner, and editor of the Park Street Messenger, assumes all responsibility for the publication last week of an editorial criticizing the bishop and his cabinet of elders for the removal of Dr. S. H. Belk from the pastorate of Park Street church to the Gainesville circuit.

In a card to The Journal published herewith Prof. Merry expressed a fear that the public may have formed a wrong impression through the wide publicity given his editorial. He states there is no more loyal church in Christendom than Park Street, and that "it seems he is the only rebel in it."

The publicity given the editorial in the Messenger moved the board of stewards of Park Street to meet Thursday and adopt resolutions regarding the editorial in question. The stewards, in their resolutions, declared the editorial reflects the individual views of its author and voiced renewed confidence in Dr. W. P. Lovejoy, presiding elder of the Atlanta district.

PROF. MERRY'S CARD

"To the Editor of The Journal: In an issue of December 12 you gave prominence to an editorial of mine from the Park Street Messenger, a little monthly paper intended for circulation in our church, which only about a month ago was in the hands of Dr. S. H. Belk to the Gainesville circuit. From your headlines and comments it seems the public got the idea that the editorial was official, that Park Street church was in rebellion, that our old pastor was complaining, our new pastor unwise and things in a turmoil generally.

"Now, all of these impressions are absolutely erroneous. In the first place, my editorial expressed my own personal views only, for which I alone am responsible. Our church has understood it, but the public did not. In the next place, there is no more loyal church in Christendom than Park Street. It seems I am the only rebel in it. In the third place, no syllable of complaint ever came from Dr. Belk. He has built that way. A soldier, tried and true, he turned to his new work with a cheerfulness that was inspiring to see. And, finally, our new pastor, Rev. Wallace Rogers, was cordially received and is already winning good opinions which he richly deserves.

"It is unfortunate that my views, which were intended for the eyes of the church alone, should have been given such publicity. The board of stewards of our church yesterday and repudiated them entirely, which was perfectly right and proper. I want no one, much less my church, to be misjudged on my account. I wish to say also that I regret my criticisms of Dr. W. P. Lovejoy, presiding elder of the Atlanta district. From the latest information it seems he was not responsible for Dr. Belk's removal.

"I have put Park Street church down as all right. If we wish the dashboard occasionally, we always pull the hood up hill. Our people, when they are out of the great cause we serve, which we think might be served better, perhaps in some other than the appointed way.

"Thanking you, I am

Yours truly, E. C. MERRY."

STEWARDS' RESOLUTIONS

"The resolutions of the board of stewards follow: 'Whereas, in the judgment of the board of stewards the institutions in church, the publication of the Atlanta Journal and the Atlanta Georgian, of December 12, on the subject of the removal of the pastor of Park Street church, are misleading and calculated to place Park Street church in an improper light, before the community and the conference, and

"Whereas, in the judgment of the board of stewards the institutions in the article entitled 'The Atlanta Journal' from the Park Street Messenger as to lack of loyalty on the part of Dr. W. P. Lovejoy, presiding elder of the Atlanta district, do a great injustice to a Christian gentleman, and are erroneous; therefore,

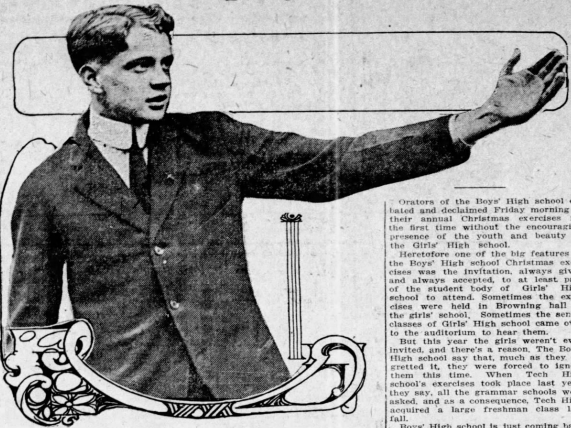

"Be it resolved, That we regret keenly that the publication of the personal views of an individual member should have been published as the views of sentiments of Park Street church.

"That said newspaper articles are unfortunate, and do a great injustice to all concerned.

"That no action by any official board or organization of Park Street church has been taken at any time that could be construed as an attempt to place Wallace Rogers on the part of the church, and

"That Park Street church has the

School Spirit More Than Girls To the Young Speakers of B. H. S.

MARVIN MEARD OPPOSED CAPITAL PUNISHMENT. Leader of negative in debate on capital punishment, held by Boys' High school Friday morning.

Orators of the Boys' High school debated and declaimed Friday morning in their annual Christmas exercises for the first time without the encouraging presence of the youth and beauty of the Girls' High school. Herefore one of the big features of the Boys' High school Christmas exercise was the invitation, always given and always accepted, to at least part of the student body of Girls' High school to attend. Sometimes the exercises were held in Browning hall at the girls' school. Sometimes the senior classes of Girls' High school came over to the auditorium to hear them.

But this year the girls weren't even invited, and there's a reason. The Boys' High school say that, much as they regretted it, they were forced to ignore them this time. When Tech High schools exercises took place last year they say, all the grammar schools were school, and as a consequence, Tech High acquired a large freshman class last fall.

Boys' High school is just coming back this year by asking the boys of the grammar schools to try their exercises, in order that the Boys' High school student body may be increased considerably in 1914. As Tech High is too small to accommodate both grammar and high schools, the boys chose school loyalty rather than the girls.

A CARD TO THE PEOPLE.

The most regrettable thing that today confronts the sober thought of Atlanta and Georgia is the intemperance agitation of the temperance question by sincere but misguided moralists.

The intermeddling with the best regulation of beer and liquor traffic that organized society has ever known, is not only prejudicial to good citizenship, but it is an offense against the business welfare that threatens alike private interests and the institutions of State.

This position will be met by the extreme agitator with the declaration that tax money and trade funds which come directly and indirectly through the operation of locker clubs and like institutions of pleasurable intercourse is neither desired nor desirable. Such a view is initially and finally wrong. It has not even a crutch on which to rest the weakened leg of debate.

Shut up the locker clubs and pleasure resorts of Atlanta and Georgia and you will take from the asylums and public schools of the state a valued and needed source of income. Press down the lid of Prohibition reform, and you will send the hip-cock blind tiger through the shopping districts of every city, and the back alleys of every home. Nail tightly the doors of all these places that now operate under the eyes of the law, amenable to and controlled by the law, and you will open up a subterranean passage from one end of the state to the other, through which will flow the vilest concoction that has ever entered a throat or poisoned a stomach.

Aside from the great crime of turning neighbor against neighbor in unchristian war of opinion the threatened fight on locker clubs is endangering the business life of our city and state. There is not a bank, a mercantile establishment or a factory that will not be affected by any radical change in the existing conditions. And it may be said in truth there is not an institution of charity which does not rely in a measure on this much condemned habit of drink which men now indulge through licensed sale.

One writer forcefully said, in one of my papers a few days ago: "A large share of every dollar the saloon keeper takes in goes to help pay the cost of running our prisons, police forces, courts, hospitals, asylums and almshouses, all of which are supported by revenues from the liquor business."

The last general compilation of governmental expenditures is contained in the census report of 1902. This shows that the entire annual expenses of the state and local governments for charities, insane and penal institutions were then a trifle more than \$100,000,000. The total receipts from liquor licenses were \$55,000,000 and the Federal, internal and customs revenue from liquors \$200,000,000 additional. Thus the revenues from the liquor business would pay all the expenses of our penal and public charitable institutions and leave \$155,000,000 for other uses. The entire expenditures of states and localities for courts, military and police for the year 1902 were not quite \$100,000,000. Adding all this to the expenses already given makes a total of \$200,000,000. The revenue from the liquor traffic would pay this, too, and leave a balance of \$50,000,000 for other purposes.

In this day of demagogue judicial display it seems that a courageous press should wield vigorous pens in behalf of that sanity which makes for stable conservatism in government. The intent of the law and the welfare of our institutions suggest no interference with the reasonably conducted locker club, and common justice cries out against the recent raiding of downtown clubs, whereas the authorities seemed to be blinded as to the existence of such uptown clubs as the Capital City and the Athletic. The Judge who will allow the law to be so unrighteously enforced against the poor man himself is a breeder of that classism that means anarchy.

The Gift Supreme A Diamond

The value to the buyer rests not upon what a thing costs, but upon what it is worth.
No specific rule can be made for the buyer's guidance in the purchase of Precious Stone Jewelry.
The least shade of color, touch of imperfection or lack of proportion influences the value so greatly that only an expert can fix the value. The fundamental feature of the Harry L. Dix, Inc., business, as we have outlined it, and which we steadfastly maintain, is this—
That a man need not be able to know a good piece of goods from a poor one, or a genuine stone from an imitation, that he shall be offered choice only from the best at a plainly marked price of real value.
That he shall have the unreserved warranty of the Dix Corporation with any purchase he may make, that his decision shall be made easy by confining it, if the purchaser so desires, to style and designed, matters of taste not requiring technical knowledge.

**THREE ALDERMEN BLOCK
PAY RAISE FOR TURNER**

Twenty-Seven Council Members in Thirty Favored Increase \$1,800 to \$2,400

An increase in the salary of the city treasurer from \$1,800 to \$2,400 per annum is to become effective January 1, 1911, was lifted in the aldermen's board Thursday afternoon.

Council last Monday passed the measure. It went to the aldermen's board for separate action. Like all matters having to do with the expenditure of city money, six aldermen were present. The vote was 3-3-20, which had the effect of a majority in the affirmative.

The action of the aldermen's board in this matter illustrates how the will of the majority of the general council can be thwarted by a very small minority under the present system of city government. The general council consists of thirty members. Of that number, twenty-seven favored raising the salary of the city treasurer. Three were opposed.

The aldermen's board non-concurred in the action of council of raising the pay of the Assessor Malone from \$2,000 to \$2,500 per annum. The plan was to raise the salary of Mr. Malone's office this year, and to raise the salaries of the other two assessors next year, as their elections come up after the year next.

**MANAGER OF "CABARET"
BOUNDED OVER TO COURT**

Detectives Say They Frequently Saw Couples Hug and Kiss at Tables

As the result of the first of what is expected to be a series of raids on downtown restaurants and cabarets, E. T. Howell, manager of "The Cabaret," Broad and Walton streets, was bound over to the city criminal court by the recorder Thursday afternoon on the charge of maintaining a disorderly place.

The case against Howell was made by Plain Clothes Policemen Green and Womack, who, under the direction of Chief of Police J. L. Weaver, have been conducting an exhaustive probe of the downtown cabarets and restaurants, and the conduct of the customers.

Arraigned with Howell were J. E. Sharkey and Evelyn Gray, a saleswoman, who were found together in an entrance of the restaurant by the plain clothes men. They were fined \$25.00 each, when arraigned on a charge of disorderly conduct.

The plain clothes men testified they had frequently visited The Cabaret, and on several occasions men and women at the several tables had openly hugged and kissed each other and had behaved generally in a riotous manner.

In passing sentence on the manager of The Cabaret, Judge Broyles declared he did not doubt the existence of other places of a similar character in the city. "Disorderly restaurants and amusement places are among the worst evils of a community," he said, "and we must get rid of them."

The two plain clothes men have been assigned especially to the task of watching restaurants and motion picture shows and small vaudeville houses.

**STEEL TRUST SUIT WILL
BE HELD HERE AT HOTEL**

Government to Open Hearing January 5 on United States Corporation

Hearings in the federal government's anti-trust suit against the United States Steel corporation will be held at the Piedmont hotel in Atlanta, on January 5 and 6.

This announcement was made Thursday following a recess adjournment, which will take the hearings over the Christmas holidays. Atlanta will be the first southern city at which hearings will be conducted. From Atlanta the investigation will move to Birmingham on January 7, thence to New Orleans, St. Louis and Chicago.

**DR. THOMAS E. CONVERSE,
DRUID PARK PASTOR, DEAD**

Prominent Presbyterian Minister and Writer Passes at 72 Years

Rev. Thomas E. Converse, pastor of the Druid Park Presbyterian church and one of the most prominent ministers in the south, died at 7 o'clock Thursday night at his residence, 163 Linwood avenue, following a three months' illness.

He was seventy-two years of age, a native of Pennsylvania. His home was in Kentucky for a long time and he was the editor of the Christian Observer, published at Louisville. He was also associated with the Presbyterian of the South.

Since accepting the pastorate of the Druid Park church about three years ago, Dr. Converse has been prominently associated with evangelical affairs in the city and did much for his congregation.

He is survived by his wife, three daughters, Misses Sarah, Rosina Irvine and Mildred Converse, and a brother, James Converse, of Morristown, Tenn. The funeral will be held Saturday.

**SEEK MAN AND WOMAN
AFTER THEFT OF AUTO**

A stylishly dressed young woman and a prosperous looking man are being sought by the police as the result of the theft of E. C. Ruple's Oakland touring car from in front of the Atlanta National Bank building late Thursday afternoon.

Mr. Ruple's machine is said to be an only Oakland car in the city with a yellow body and traffic officers believe they saw it glide from the curb, in a man at the wheel and the well-dressed young woman seated beside him.

**Christian Civilization
Against
Liquor Degeneration**

"He will lift up an ensign to the nations--and they shall come swiftly"--Isaiah 5:26

Throughout the known world there is evidence of the spirit of God at work. Everywhere in all nations men and women are rising up to fight against evil. In nothing is this more manifest than in the fight against the liquor trade.

The Iron Chancellor, Bismark, said: "If the workmen's protective code could be extended to protection against the drink evil, a great part of the social question would be solved at once."

The Emperor William of Germany has said: "If you educate the people to give up alcohol--if you stand for these principles, my people will be raised morally. This is a work in which I beg you to participate."

Casimir Perier, former President of France, is a leader in the fight against alcohol in that country.

M. Georges Clemenceau, Ex-Minister of State of France, has written: "Alcohol . . . takes more or less time to kill its victim, but it very quickly makes of him an individual of poor quality. . . . The destiny of that people which is unable to react against a moral and physical degeneration accepted in exchange for a degrading pleasure is sealed."

The Belgian Minister of Justice has stated: "You will never solve the social question until you have vanquished alcoholism. Because of it all reforms are doomed beforehand to sterility."

Leader of the Belgian Social Democracy, Emile Vanderveelde, said: "Frankly I see no reason for waiting for the morrow of the social revolution before we stop poisoning ourselves."

Victor Adler, leader of Austrian Social Democracy, has said: "I hold the fight against alcoholism to be one of the most important parts of my personal work."

The English Licensing Bill of 1908 would have closed between thirty and thirty-two thousand drinking places--The House of Commons adopted it by a vote of 350 to 113. Every member of the Labor Party voted for it.

The House of Lords defeated it. 130 of these noble men, peers of the realm, voting on the bill, were either brewers or shareholders in brewing and distilling enterprises.

You have heard it said: "Beer drinking is harmless--particularly as it is done in Germany."

Dr. Emil Muensterberg says: "FIFTY THOUSAND AUSTRIAN ARE IN GERMAN ASYLUMS YEARLY, WHOSE SICKNESS CAN BE TRACED BACK TO ALCOHOL."

Munich is the greatest of brewing and beer drinking centers in that great country.

At its October-fest: "The first week a drunken attendant was fatally stabbed. Some days afterwards, two people were injured in the same way. The last Sunday--in a single beer booth, the Baurosi, no less than forty-eight persons were wounded, among them two policemen. The Sanitary Corps were obliged to order more beds since the drunken women handed over to them were so numerous. In all 363 cases, of wounds--143 of sudden sickness. Of these 116 were women."

In a signed statement, 800 professors and physicians of Germany declare: "Drinking customs bring degeneracy, poverty, sickness, vice, crime, madness and death."

"Thousands die yearly because of the drunkenness of others--We recall the many accidents--the endless cases of assault and murder--"

"WE REMEMBER THE UNNUMBERED FAMILIES WHO HAVE BEEN MALTREATED BY DRUNKEN FATHERS."

"We recall the hundreds of thousands born sick and wretched because of drunkenness."

Dr. von Bunge is professor of Physiological Chemistry in the University of Basel. He knows beer. He says: "Such horrors as a great modern joint stock brewery perpetrates are unrivaled in the whole world's history. Men in past centuries were made chattel slaves. But the slaves kept their health. Men have been killed by thousands. But the children of the murdered remained strong. Now they make slaves of them and murder them at the same time. They kill them with their children and children's children."

WORK FOR OGLETHORPE
INDORSED BY CHAMBER

Effort to Reorganize University
in Atlanta Is Given
Hearty Commendation

Resolutions heartily indorsing the movement to raise by subscription \$250,000 to insure the reorganization of Oglethorpe university in Atlanta were passed by the board of directors of the Atlanta chamber of commerce at a meeting held Thursday afternoon in the Empire building.

The resolution follows: "Whereas, the education of our youth means the development of the most valuable resource of a state, and the establishment here of a great university would largely increase Atlanta's educational facilities, offering opportunities for development not only to the young men of our own state, but to those of the entire south who would receive here in addition to their university education all the advantages of a great city with its various institutions and manifold opportunities, therefore be it

Resolved, by the directors of the Atlanta chamber of commerce that we indorse in the strongest possible manner the movement which has resulted in raising the larger part of \$250,000 to secure the re-establishment of Oglethorpe university.

Resolved further, that we commend the patriotic efforts of the committees which have nearly completed this work and ask for them the cordial support of the people of Atlanta in completing the funds without delay.

Woolen Mill Kiddies
To Have Big Tree, With
Phil L'Engle as Santa

One hundred and fifty children from the woolen mills district have been invited by the Atlanta Women's club to be present at the lighting of a big Christmas tree Monday afternoon in the club rooms on Baker street. Philip L'Engle, well known in the younger society set, will be the Santa Claus who will distribute gifts to the children, many of whom have never even seen a Christmas tree nor a "real" Santa Claus. The tree has been planned by the child welfare committee of the club. This is the first year the club has extended its work along this line, and those who have aided in preparing for the tree are almost as enthusiastic as the children will be when they see it lighted up.

Hugh V. Hulsey, of Panthers-
ville, Dies After Being
Taken to Hospital

Hugh Hulsey, aged twenty-four, the young man who was found in a field Sunday morning, died at 5 o'clock Friday morning at Grady hospital, after regaining consciousness long enough to explain that the matter was an accident. Two friends, Messrs. Johnson and Sawtell, called at the hospital Thursday evening and to them he related the accident. He said he was thrown from his automobile in some manner his gun was discharged. A man named Anderson, who had been with him and called Dr. Will Ansley, of Decatur, to attend to him, was also taken to Grady hospital in his own automobile. Mr. Hulsey was twenty-four years old and lived in Panthersville, a small settlement near Decatur. Surviving him are his father, three sisters and three brothers, J. J. Hulsey, Miss Corinne Hulsey, Mrs. T. E. Sawtell, Mr. M. E. Sewell, M. J. Hulsey, E. H. Hulsey and E. L. Hulsey. Funeral arrangements will be announced later.

POWER COMPANY DAMAGES
RULED ON BY HIGH COURT

Persons whose property is damaged by the backing up of the waters of a stream may bring suit in the county where the damage occurs, although the corporation responsible may have its offices and plant in other counties, the state supreme court held Friday in six cases brought by citizens of Newton county against the Central of Georgia Power company, of Macon. These cases were brought up on demurrer from the Newton superior court. The Central of Georgia Power company has its offices and headquarters in Macon, but its dam and plant are located on the Ocmulgee river in Butts county. The complaining Newton county citizens brought suit against the company alleging that the dam in Butts county had caused the Ocmulgee river to overflow its banks in Newton county and do damage to crops on the rich lowlands.

Declares Wife Still Occupies
Residence for Which He
Pays the Rent

In his answer to his wife's plea for alimony, filed Thursday, Robert M. Freeman, Jr., declares he was still living in the same house with his wife when notice of her suit for divorce was served on him at his office. When the action was brought he also asserts, his wife charged large quantities of goods to him, and she continues to occupy the residence in Colonial Hills, which he has leased until August, 1914, and for the rent of which he is responsible. Although she told him October 15 she would have nothing more to do with him, she continued under the same roof with forced to leave, he declares. Freeman characterized as absurd his wife's charge that he spent his salary drinking and carousing. Freeman, who is represented by attorney Sam D. Hewitt, asks the court to refuse to award alimony to the wife.

Educational Campaign

(By Associated Press.) MACON, Ga., Dec. 19.—At a mass meeting of citizens of Macon and Bibb county here yesterday afternoon an organization was perfected to prepare for and fight off the invasion of the boll weevil. The organization is under the wing of the Georgia chamber of commerce and will have headquarters in this city. According to President C. J. Haden, of the Georgia chamber of commerce, an educational campaign will be conducted throughout the cotton-growing section of south and middle Georgia. Pamphlets will be taught the necessity of diversification of crops. The campaign is to be carried into every school house, church and home in the state. A good sized sum of money for the campaign was raised at the meeting yesterday afternoon. By Monday it is expected that \$2,000 will be on hand to start the work.

Perry for Berger Trade Causes Friction in Nashville Club

Schwartz Scores Hirsig or Perry For Berger Deal

Nashville Manager Very Much Dissatisfied With Trade for Gull Twirler--Says Hirsig Wants Bat Boy and Not Manager--Hirsig Replies

(Special Dispatch to The Journal.)
NASHVILLE, Tenn., Dec. 19.—President W. G. Hirsig and Manager W. C. Schwartz, of the local baseball club, are up in arms against each other over the Perry-Berger deal, both insisting on the club's position in regard to the trading of the local star pitcher for the Gull twirler.

Manager Schwartz lined the following statement last night, which was followed by a statement from President Hirsig. Manager Schwartz's statement:

"I want the Nashville baseball public to know that I had nothing whatever to do with the trade of Clayton Perry for Mike Hill and Charlie Berger. The deal was made over my head by President Hirsig, while in Atlanta, and I have never had an opportunity to sanction it. Such a trade was first suggested by the month club several weeks ago, but at the time, I never considered it. I have always said that if we could get a good pitcher for the team, I would be glad to sell him to another Southern league club. It is apparent that what President Hirsig wants is a President Hirsig's statement is as follows:

"There never has been an important deal made without Manager Schwartz's approval, even the Wolcott-Cullinan deal, and in making the Perry-Cullinan deal, it is not my fault. I am a manager, not a politician. I have always made my own decisions, and I have always worked in absolute harmony and will continue to do so."

TESREAU FOLLOWS WALSH AS KING OF SPIT-BALLERS

Charles ("Doc") Tesreau, of the Giants, finished the season of 1912 as the best pitcher in the National league—leading pitchers by the method since adopted—which allows the pitcher's actual ability and not that of his holders.

This year Christy Mathewson ranked first and Tesreau third. In 1914 Tesreau with another year's experience will be recognized as the spital king. Ed Walsh having pitched his last game, unless a miracle is worked in his behalf.

Tesreau was introduced to major league baseball at the age of 19, following months of toil under the tutelage of Wilbert Robinson, while he scouted control of the pitcher.

Then when the Giants were crumbling with Marquard "blown up" after nineteen straight wins, with Mathewson wobbling, McGraw took the blankets off his human steamer and Tesreau pitched a wonderful ball—so wonderful that when the post season games began McGraw sent him in to pitch the opening game against "Smoky" Joe Wood.

Tesreau went to the Giants after a winning career that makes the travels of Ulysses look like an afternoon's stroll. He played in Louisville, Mo.; St. Louis, Houston, Galveston, San Antonio and Austin, Tex.; Shreveport, La.; and Detroit. For Houston he lost every game he pitched by one run—but he

TRAY SHOTS AT SPORT TARGETS

BRICKLEY IS CAPTAIN NOW.
Charles E. Brickley has been chosen captain of the Harvard football team for next season, just as you thought he would, and as was proper. Three other men received votes, including Trumbull and Hardwick. It is said the latter was the personal choice of Coach Haughton. No doubt Sir Percival feared to hamper Brickley's playing by saddling on his expansive shoulders the worry of the captaincy. It is our idea that the big back could pick up extra weight, and still come home on the bit, against the rest of the field.

UNGRATEFUL KONEY.
From various reports it appears that there is some little doubt as to just how Ed Koney, the former Cardinal first sacker is going to take his transfer to Pittsburg. If the Big Pole is kicking on going to Smoketown next season, he just about rounds out to our idea of an ungrateful Cuss. There may be worse forms of servitude for an aspiring baseball player than belonging to the Cardinals under present conditions, but just now we don't seem to recall them.

ON WITH THE DIGNITY, GOV.
If the advent of President Tenor into National league circles is going to insure dignity to the maneuverings of that organization, the parties who conceived the plan certainly must have been some mathematicians. For the former governor is horning into a situation that will put that stately quality to the test.

Just now, C. Webb Murphy and Charlie Ebbetts are giving a very life-like imitation of a feline argument over a back alley fence, shortly before the hour which marks the nightly round of the milkman. Joe Trinker is the source of the contention, and to add color to the situation, Joe is chirping in with a few bars on his own account. Murphy thinks he sees a chance to slip one over, and Ebbetts feels that he is being bound, gagged, and robbed. Trinker realizes that anchoring in Brooklyn is likely to put the judy on all future chances to cut in on world series money, since he isn't as young as he once was, and he isn't likely to live down the Brooklyn blight.

It's a great little opportunity for an enterprising dignitary to put in new opportune strokes, and the new press is cordially invited to go to it.

BACK TO TULSA.
"Back to Tulsa" is the title of the concluding chapter of the fable career of Carl Morris, if recent reports from New York are true. Carl has been a great light in the firm that his rays were forced upon his vision chiefly through the savage pummeling given him by various and sundry pieces of pugilistic wire-a-brac, commonly referred to as the heavyweight division. But it reached the mark just the same, and now Carl, no doubt, wonders why he never noticed it before.

Possibly it was because the started optics of the Oklahoma giant, that his wits were never sufficiently gathered to appreciate an inner vision, because the lights don't burn so brightly in Tulsa, neither do they burn so long. In Tulsa, one can tell where day leaves off, and night takes up its journey.

At that, Carlson must have learned a lot that he would not likely have observed from the busy call window of a locomotive, provided, his elephantine frame houses an intellect of average capacity. Morris was game as was shown by the awful punishment he took from Jim Flynn in New York when the wise ones gave him his premier, in order to see whether he would do. But with all of that he was not a fighter.

At the most he was a great big, clumsy, awkward country boy who would have looked much more natural pitching horse shoes out back of some country store, than he would stripped of his everyday habiliments, except for a pair of trunks and ring foot gear. Some keenness, except for a pair of trunks and ring foot gear. Some keenness, except for a pair of trunks and ring foot gear. Some keenness, except for a pair of trunks and ring foot gear.

The prize ring has suffered no loss, and maybe some railway line has picked up a valuable stoker.

Soccer League Opens Season On Saturday

The Georgia State Soccer League schedule has at last been raffled and will be started on Saturday, when the four teams comprising the new league will be seen in action for the first time. At Piedmont park the Atlanta and the Foote & Davies teams will stage their game and at Stone Mountain the Lithonia and Stone Mountain teams will get their end going.

The members of the various teams are most enthusiastic over the outlook for the season when many interesting games will be played and good sport will be the order of events all winter. The older teams look well this year again, Atlanta and Lithonia always having had good teams, while the later acquisitions to the league, the Stone Mountain and Foote & Davies teams are coming fast and will give a good account of themselves even against the more experienced and older organizations.

A great deal of credit must be given to the members of the Stone Mountain soccer club, who, at the last minute, and in order that a league could be possible this year, went to work and organized their club. This sort of sportsmanship is the making of the game and were it not for their enthusiasm, after the loss of one team, the league would not have been possible this year. It is the hope of the older teams that the "Rock Artists" show up well in their games, and no doubt, from their present shape, they will.

O. E. Reddy is another firing line who goes after games with a shogun as well as with an order book. He spent several days last week bird hunting with a customer in south Georgia, so the results have not yet been reported.

Herzog Signs To Lead Reds

Former Giant Will Play Shortstop and Manager Cincinnati Team Next Year

(By Associated Press.)
CINCINNATI, Dec. 18.—Charles Herzog, former ball player with the New York and Boston National league clubs, was chosen yesterday as manager of the Cincinnati team for the season of 1914. After a conference with the board of directors and a second conference with President August Herrmann and Secretary Harry Stephens, Herzog signed a contract as a player for a year and then was officially made manager.

Herzog steps into the position vacated by the sale of former Manager Joe Tinker to the Brooklyn club. He will play at shortstop, as did Tinker and guide the team on the field. Herzog outlined his ideas of a winning team to the board of directors and they approved.

Herzog said he believed in a fast, double team, much on the order of the New York National team of which he was a member before coming to Cincinnati, but added he had no trades or sales in mind at present.

Herzog is twenty-eight and was born in Baltimore. He is a graduate of Maryland university and after a short minor league experience was signed by Manager McGraw for the Boston National league team and played with that club through the season of 1910 and about half of the season of 1911, when he was brought back to New York by a deal made for him by McGraw.

The New York leader recently made a trade for him with Cincinnati in which New York club gave Herzog and Catcher Hartley for Outfielder Bob Beamer.

National Trials Are Finished

(By Associated Press.)
MONTGOMERY, Ala., Dec. 18.—The first annual meet of the National Field Trials club ended yesterday with the completion of the all-day stakes, the winners being John Proctor, owned by J. E. Curtis, Boston, Tex., and handled by Babcock, first; Powhattan, owned by Herbert Ames, of Boston, and handled by Jones; second; Deane Frank, owned by A. G. Sage, New York, and handled by Holloway, third.

The decision of the judges was unanimous on the third place, but an extra trial was demanded between John Proctor and Powhattan to decide first and second honors. These dogs were put through an extra run of forty feet before the judges were able to make a decision.

President Sage stated last night that the trials were eminently successful, and that the sport exceeded the expectations. Many of the owners, with their stragals, left the city last night, and others will get away tomorrow.

Augusta Five Meets A. A. C.

The athletic club basketball five will meet the team representing the Young Men's Christian association of Augusta this club against the city team. The locals expect to win the game, but do not anticipate a very close contest. The Augusta club is said to have a strong lineup this year and are going coming up with the idea of winning or making the Athletic club go to the limit. Following the game the usual dance program will be carried out.

JUST NOTES

Free Charge, manager of the Pirates, wants his pitcher, train by dining postholes. Strengthens the arms and back; also hardens the hands, you know.

Charles and White Sox were vaccinated before they were permitted to land in China. No, Maurice, this was for snailpox. There is no vaccine for the benched, alackaday!

If it required \$10,000 to soothe Joe Tinker's feelings over being committed to Detroit, how much would it cost to square Messrs. Miller, Robinson, Hiltz, Butler and Dolan for being condemned to St. Louis?

Will some one kindly pay Captain Swenson and inquire just why so great a fuss was made to get the Tin Snail into writing. It gave the impression that the signators of the owners were actually worth something.

Charlie Doolin, manager of the Phillies, was quoted as saying in Detroit that the signators of the owners had their fourth pennant next year. In spite of the fact that the Pirates had been

Familiar Faces To Greet Jordan In Texas League

The Ex-Cracker Will Find Many Former Southern Leaguers in Lone Star Circuit—Three of Them Are Now Managing Clubs—Sentell in the List

When Otto Jordan moves his habitual Dallas nest year to assume the management of the Dallas baseball club, he will have the satisfaction of knowing that his surroundings will not be altogether strange, even though he is entering a new field. There are going to be in that league with Otto several other players whom many of the cracker should recognize, even though he has lately been suspected of a yearn for his old haunts.

The instances, there will be the pitcher Sentell. Otto should have no trouble in identifying the fighting face of the honorable Paul. Cracker both were in his day gone by. Paul and Otto had some little differences while members of the local club, which were settled at the final act of defeat in the local club league. Sentell will be in the Texas league managing Houston.

When Otto jumps over to Fort Worth, he will encounter another ex-Southern leaguer in Manager Walter Morris. Morris has been at the helm of the Fort Worth club for several years, and has acquired a financial interest in it.

Down at San Antonio, Jordan will meet a man named by that battle-scarred veteran, George Zedy. George will be recalled, once had his name on the payroll of the local club. Since the smaller leagues of Dallas, he has been the manager of the Dallas Stars circuit will not be completely unfamiliar to him.

In addition to managing the Dallas Stars, the Texas circuit has turned out some good pitchers and Otto may find some familiar to Southern league fans. Some of these formerly played with the Cracker. Among them are Charlie Seitz, George Crabbland Brown, Burns, other former Southern leaguers are Whitman, Meyer, Jimmy Mease.

NEW YORK-BORN PLAYERS HOODOO FOR GOTHAM TEAMS

NEW YORK, Dec. 19.—Players born in the Empire State seem to take particular delight in shattering the fond hopes of managers of Manhattan teams. When the Highlanders had a chance to win the American league pennant in 1904 the Boston team, that carried three death blows was piloted by a man born in Buffalo, Jimmy Collins, and the game that decided the championship was pitched by a native of Syracuse—William Henry Timmer.

In the play-off game with the Cubs in 1908 deeds of daring against the Giants were accomplished by Frank Wilfrid Schultz, who first saw the light of day in Cohasset, this state, and by Johnny Evers, whose birthplace was Troy. Evers on the previous September 23 had called attention to the fact that Fred Miller had over-looked the formality of touching scuffs and had made the player's possible.

In the recent conflict for the championship of the world athletes of Empire State origin helped greatly in making the white elephants the losses of the baseball universes. Eddie Collins, native of Millerton, was continually starting to fall behind in trotting them for McGraw; Wally Schang, born in Illinois, was frequently getting in on the basepads and scoring runs; Ira Thomas, born in Baltimore, was frequently getting in on the basepads and scoring runs; Ira Thomas, born in Baltimore, was frequently getting in on the basepads and scoring runs.

But it's not players alone who can boast that they got their start somewhere between New York harbor and the Hudson river. Managers, managers and umpires also plied New York as their birthplace. Who were they, where and when they were born, and what they have done may be noted here.

New York—Charles H. Ebbets, president Brooklyn club, 1888; Helme Zimmerman, Cubs, former Philadelphia Athletics, 1894; Bill Clark, formerly giant catcher, and Princeton coach, 1870; George Washington, St. Louis, manager, 1882; Harry Howell, spitball expert, who bested the Baltimore Orioles, 1884; Albin Tuller, former Yankee outfielder, 1888; Fred Beckenbach, former Jersey City infielder, 1884.

New York—George Washington McCallen, Pirates, 1885; Billy Keeler, former Washington, manager, 1887; Albin Tuller, former Yankee outfielder, 1888; Fred Beckenbach, former Jersey City infielder, 1884.

Fine Athletics For Exposition

Events at Frisco Begin in February and Continue Until Following October

(By Associated Press.)
NEW YORK, Dec. 19.—Tentative plans for the principal athletic events to be held at the Panama-Pacific exposition in San Francisco, during 1914, were announced last night by President Charles E. Moore, of the exposition, and James E. Sullivan, secretary of the Amateur Athletic union.

The leading events scheduled include:

A. A. U. gymnastic championships, March 25 and 27; wrestling, April 11; boxing, April 24-30; Panama-Pacific public school athletic league and interscholastic championships, July 5-15; A. A. U. swimming championships, July 19-24; A. A. U. all-round championships, August 7; A. A. U. track and field championships, August 27-28; merican league championships, September 10-11; lacrosse championships, October 4-5.

Philadelphia—Eddie Collins, Athletics, 1877; Auburn—Eddie Murphy, former Philadelphia, 1877; Claude Bowman, former Detroit first baseman, 1872; Hamilton—Walter Schantz, right fielder of Athletics, 1891; White—Wally Schang, Athletics' great young catcher, 1890; Amover—Patrick Henry Dougherty, former White Sox outfielder, only man who ever made two home runs in one world's championship game, 1895; New Rochelle—Charley Wagner, shortstop Boston Americans, 1895; Hamilton—Elmer Steele, former Pittsburgh pitcher, 1885.

Tennis Cracks To Be Ranked

Generally Understood That Maurice McLaughlin, of California, Will Be First

(By Associated Press.)
NEW YORK, Dec. 19.—The ranking of the leading men and women tennis players in the United States will be determined tonight at the meeting here of the executive committee of the United States Lawn Tennis association.

The task of tabulating the players according to their playing abilities has been in the hands of the ranking committee, consisting of George Adee, chairman; Charles M. Bull, Jr., and Miles C. Charlock.

While no intimation has been allowed to escape as to the positions of the first ten players on the roll of honor, it is generally understood that Maurice E. McLaughlin, of California, national champion, will head the list, with H. Norris Williams, of Philadelphia, second. William T. Chabrier, another Philadelphia racket wielder and former champion, is conceded third place, and William M. Johnston, the brilliant Pacific coast school boy, probably will be placed fourth.

The rating of about twenty-five of the best women players will be a novel feature of this year's work. This scheme has been discussed a long time. The report of the committee appointed at the last meeting to look into the advisability of adopting a new code defining the amateurs is eagerly awaited.

Wolgate Meets White Tonight

(By Associated Press.)
MILWAUKEE, Wis., Dec. 19.—Alvin Karpis, of Cadillac, Mich., and Charles F. Wolgate, will meet here tonight in a ten-round boxing contest. The betting range from even money to 10 to 1 in favor of Wolgate. Harry Stone will be referee.

Albany Y. M. C. A. Gives Gymnasium Exhibition

(By Associated Press.)
ALBANY, Ga., Dec. 19.—The first athletic exhibition of the year at the Y. M. C. A. was held last night under the auspices of physical director Glenn Kelly. All of the various games were seen by a large crowd of spectators. The exhibition was full of interest to all who attended, and was participated in by a larger number of class members than has been the case at any previous exhibition since the Y. M. C. A. was opened. The exhibition showed the various games being done in the gymnasium and that much enthusiasm in being manifested in this branch of the association's activities.

New York Gets \$110,000 in Year From Boxing

(By Associated Press.)
NEW YORK, Dec. 19.—The boxing receipts will show that since the boxing season began in August, 1912, the state has received \$110,000 from the boxing receipts, as the 5 per cent tax on gross receipts of all boxing clubs operating under license. There has been a falling off in receipts during the last year.

Harvard Won't All Ready for Princeton Fails in Effort to Arrange Three-Cornered Race on May 9

Princeton Fails in Effort to Arrange Three-Cornered Race on May 9

(By Associated Press.)
PRINCETON, N. J., Dec. 19.—It was announced here last night that Princeton has failed in an attempt to get Harvard to join in a triangular regatta on the Charles river for two successive years. The proposed race was to include either Columbia or Pennsylvania. Since Harvard's withdrawal, arrangements are being made for a three-cornered race between Pennsylvania, Columbia and Princeton on May 9.

The proposed race between Cornell and Princeton, with possibly Yale as a third party, at Ithaca for May 25 has not been sanctioned by the faculty committee here, but probably will pass, it was stated.

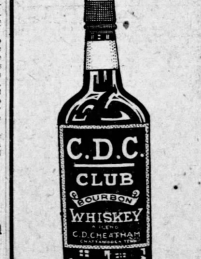

Brickley Leads Harvard Eleven Another Strong Man at Penn

(By Associated Press.)
CAMBRIDGE, Mass., Dec. 19.—Charlie H. Brickley, center of a number of the last two Harvard football teams, was elected captain of the 1914 team yesterday. Walter H. Trumbull, of Salem, who played center this year, was the other candidate for the captaincy. Brickley is twenty-one years old.

(By Associated Press.)
BOSTON, Dec. 19.—William E. Mundy, who played first base for the Boston Red Sox, was released by the Worcester New England club operating under license and came to Boston from the Portsmouth, Va. team.

Mate Your Birds Now

It is folly for anyone in the south to think that they can buy any better birds from the sections than we have among us. If you are willing to pay the price to the good breeders we have throughout the south for their best and take care of them after you get them you can secure just as good specimens now from the reputable breeders of the south as can be found anywhere in the United States, and the day and time has come when our people should patronize home industry and appreciate what we have here more than ever. Many have learned to do this and the sooner the better. The way the poultry industry has grown throughout the south for the past several years is sufficient evidence that much interest is being shown in this line of work, although it is not in its infancy, but it is growing by leaps and bounds and the days are fast passing when the eastern and western breeders will buy from the southern breeders. This is especially for the early shows, from the southern breeders. We have learned how to take better care of our birds and to put them in better condition than ever before, and birds raised in this section are no longer inferior to those of the eastern and western sections with a premium upon them when they get their just dues as to destination in proper condition. Hundred of specimens have been brought out at the southern shows this year as good as could be produced outside of the south and we should all be proud to know that many breeders in the south have even produced far better specimens raised here at home than the original birds that came from there.

The thing to do now is to pay more attention to the mating and the care of our birds. The world knows that the one dollar should be sent out of the south any longer for fancy poultry or eggs of any kind. Better hatches can be secured from eggs secured at home and less chance are taken when you buy fowls near home that are used to our climate, and by having the average breeder to pay attention to the breeding of a foreign breed to his best you can in many cases out of ten get better value near home than by sending a far distance for either fowls or eggs. The main thing for the breeder to know is to buy the best and latest of the eastern and western shows and win a premium upon them when they get their just dues as to destination in proper condition. Hundred of specimens have been brought out at the southern shows this year as good as could be produced outside of the south and we should all be proud to know that many breeders in the south have even produced far better specimens raised here at home than the original birds that came from there.

It is fully for anyone in the south to think that they can buy any better birds from the sections than we have among us. LOCKER CLUB OF ROME LOSES IN HIGH COURT

Supreme Tribunal Affirms Order Forbidding Operation, Calling It "Subterfuge"

In a decision sustaining the main features of an injunction granted by Judge Moses Wright against the Hill City club of Rome and its managers, Bart Watson and John Saxon, the state supreme court Friday took occasion to reaffirm repeated previous rulings that since the passage of the prohibition law liquor cannot be sold legally anywhere in the state. C. L. Wilkinson brought an equitable petition in the Rome superior court against Hill City club and Bart Watson and John Saxon as controllers and managers. He asked that the club be enjoined as a nuisance and that the defendants be prohibited from conducting similar places in the future. Judge Wright granted a temporary injunction and later made the order permanent. The defendants were forbidden to maintain the place at its present location, 113 1/2 Broad street, Rome, or elsewhere.

CITY'S MILK NOT SO BAD, SAYS DR. J. P. KENNEDY

Health Officer Declares Inspectors Are Needed Worse Than Anything Else

Dr. J. P. Kennedy, city health officer, rejects the idea that Atlanta's milk supply is bad. He asserts that the most of it is good above the standard of other cities. He admits that in some instances the milk is not what it should be—but deems that even this is alarmingly bad. "What the city needs most," said he Friday, "is more inspectors. At present the health department has only one milk inspector and two dairy inspectors. They have enormous territory to cover. Each of them should have an automobile—or at least a motorcycle. The health department next year will have for another dairy inspector, another milk inspector and for a veterinary surgeon. The latter is absolutely needed to inspect dairy cows for tuberculosis and other diseases and to inspect questionable meat in packing houses. In his order of injunction Judge Wright declared the evidence showed that the Hill City club was organized solely for the purpose of dispensing liquor as it had a history of social features, he held, he said, a subterfuge to get around the prohibition law.

STOE AND HIS WIFE HELD ON WHITE SLAVE CHARGE

Commissioner Hears Girl's Story and Decides to Place Couple Under Bond

S. A. Stoe and his wife, Annie Stoe, were held in \$1,000 bail each for the grand jury, by Commissioner Colquhoun Friday on charges of white slavery. In connection with the case of Mrs. Annie Bond, a girl of eighteen, who said the couple had accepted her earnings. Mr. Carter said that while there was a question about the provisions of the white slave act, he thought that the master was one for an investigation by the grand jury. Stoe and his wife, the Bond girl and several witnesses gave testimony. The girl said she met the couple last September, and that Stoe, under pretense of taking her to his home to meet his wife, took her to a Whitehall street address, dragged her into a room and made her unconscious. Thereafter, she said, she accompanied either Stoe, his wife, or both, to Birmingham and other southern points, giving them money. Much of the testimony had to do with the life they led at various hotels. She married after Christmas, she said, but her husband no longer lived with her. Stoe's wife, on the stand, admitted traveling with the Bond girl, but denied that she accepted money from her; she said that she sold toilet water for a livelihood. She also testified about it at various hotels.

SURGEONS SAY THEY HAD GOOD TIME IN ATLANTA

Thank Dr. McRae and Committee and Praise Manager Keen, of Terrace

The Southern Surgical and Gynecological society, which has been in session in Atlanta during the past several days, adopted formal resolutions of thanks Thursday afternoon to Dr. Floyd McRae and to the local committee on arrangements for their efforts in making the meeting of the society a successful one. Thanks were also extended to the Georgian Terrace for its courtesies, the two resolutions being as follows: "Resolved, That the thanks of the Southern Surgical and Gynecological association be extended to the local committee of arrangements and particularly to Dr. McRae, chairman, for a successful meeting. "Resolved further, That the thanks of the association be extended to the manager of the Georgian Terrace hotel, Dr. A. R. Keen, for many courtesies extended and for the delightful place in which the sessions have been held."

If you'll drop in here for a few minutes tomorrow, we'll guarantee that you won't mind how much it snows this winter—or how slushy the streets are. We want to show you the famous Dr. A. Reed Cushion Shoes—the shoes that make walking in winter a pleasure because they keep out the chill and the dampness that soaks through the soles of ordinary shoes.

For winter wear, there's absolutely no shoe that we know of, that can equal the Dr. A. Reed Cushion Shoe. Ordinary shoes have nothing but a hard, porous leather sole between your foot and the icy pavement—while the Dr. A. Reed Cushion Shoes have a special insole—a soft fibre cushion—that protects your feet—keeps them dry and warm. Cold or moisture can't get through—and walking is made ten times easier and more delightful—for the cushion insole fills the hollows of your feet—supports the arches—and distributes your weight evenly over the whole foot. Try—

Dr. A. Reed Cushion Shoe this winter—come in and try them on—you can find the style and the leather you want at a reasonable price.
