The door in the rear part of the factory on the second floor on Friday evening was barred. There is no way in the rear of the building to

come down to the second floor when the door is barred except the fire escape, and you have to be on office floor to undo the door. The area around the elevator shaft on the first floor near the hole and radiator was cleaned up after the murder. It was the early part of the week after the murder.

CROSS EXAMINATION.

I didn't clean it myself. I saw it cleaned. I passed by as it was being cleaned up.
